RoHS 3 Directive 2015/863 amending Annex II to Directive 2011/65/EU Supplier Material Confirmation Certificate

Miba Resistors Austria GmbH certifies all deliverable products (acc. To Miba Resistors Austria GmbH catalog Edition 2024 and new developments) conform to the requirements of the EU directive 2011/65/EU and the amendment of Directive 2015/863 and do not contain any of the following listed substances except under applicable Annex III of IV, except these exceptions would conflict with other regulations that would be required for production release of the materials:

Concentration limit of 0.1% by mass (1000 PPM) of homogeneous material for:

- Lead (Pb)
- Mercury (Hg)
- Hexavalent Chromium (Cr)
- Polybrominated Biphenyl (PBB)
- Polybrominated Diphenyl Ether (PBDE)
- Bis(2-Ethylhexyl) phthalate (DEHP)
- Benzyl butyl phthalate (BBP)
- Dibutyl phthalate (DBP)
- Diisobutyl phthalate (DIBP)

Concentration limit of 0.01% by mass (100 PPM) of homogeneous material for:

- Cadmium (Cd)

Miba Resistors Austria GmbH confirms that the information is true and accurate and that each RoHS restricted substance is not present above the maximum concentration values in the homogenous materials of each supplied product and part contained within the product except where indicated.

As a downstream user, we meet all requirements of the RoHS regulation and fulfill the information requirements.

Any liability claims which may arise as a result of the non-compliance with the RoHS regulations exclusively concern to our suppliers and are passed on to them.

The accuracy of the above information is constantly checked by us, if any change occurs or new information from our suppliers is present, our customers will be promptly informed
